WASTE REDUCTION RESULTS FOR THE DIGITAL AGE

IMPORTANT FOR MULTIFAMILY PROPERTY MANAGERS

With so many residents spending more time at home, your job now includes managing more waste. Smart and efficient recycling, garbage, and compost systems are more important than ever—to prevent messes and extra expenses connected to overflow and contamination.

Sign up now for a complimentary digital consult to reduce your bill and clean up your property. We'll cover three easy steps to refresh your recycling program:

1. REASSESS YOUR WASTE STREAMS AND RIGHT SIZE YOUR SERVICE

We'll ask about your challenges and recommend changes for service levels and more

2. REFRESH YOUR RECYCLING AND COMPOST STATIONS

We'll help you optimize signage and container placement

3. RE-EDUCATE YOUR RESIDENTS

We offer free resident engagement tools including Recycling 101 Webinars and Recycle Right Scavenger Hunt

We know your challenges, and the Waste Management experts are ready to help — at no extra charge!
