

# PUBLIC SERVICE ANNOUNCEMENT ABOUT EXTRA ORGANICS

You may soon be charged for the extra material overflowing from your cart. If your cart is brimming over with material, please place yard waste extras in a paper bag next to the cart. There is a charge for additional units of organics beyond the basic service (except double holiday loads).

## Good Container Lid closed.

Customer  
pays only  
the monthly  
fee.

## Extra Charges are added when

Carts are  
overflowing and  
lid is not in the  
closed position

Yard waste extras  
are bagged next  
to cart

For yard trimmings that don't fit in your yard cart you may use:

- Paper yard bags (available at home and garden stores), or
- 32-gal. cans with handles & lids (65 lb. limit) labeled "Yard" or
- Bundles tied with sisal twine (4'x2' limit)

Yard trimmings are not accepted in plastic bags. Plastic bags are not compostable and cause processing and odor problems at the composting facility. Thank you.
