COLLECTION GUIDELINES

Weather Delay?

If weather conditions prevent safe collection, up to twice as much material will be collected at no extra charge on your next regular collection day for each container not emptied. No credits are issued for collection delays due to weather.

Visit wmnorthwest.com/weatherboard
for information on weather-related service delays.

Place containers at curb by 6AM

- Two (2) feet apart with lids opening toward street
- At least three (3) feet from cars, trees and mailboxes, fences and utility boxes
- Please remove containers as soon as possible after collection.

Waste Management

Monday–Friday 7 a.m. – 5 p.m., Saturday 8 a.m. – 12 p.m.

Our Customer Service Center is here to help:

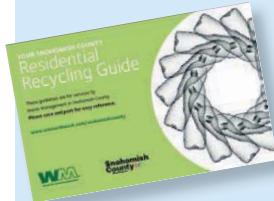

- **Missed collection**
- **Missing/damaged containers**
- **Sign up or change collection services**
- **Rates, billing and service information**
- **Bulky item pick-up service**
- **Construction/demolition containers**
- **Disabled service**
- **Información en Español**

STEPS TO RECYCLING SUCCESS

Recycling is an easy way to keep valuable natural resources out of the landfill, but *recycling only works with your help.*

To keep the recycling system healthy, follow these simple steps:

1. Is it recyclable?? Check your Snohomish County Recycling Guide.

Yes! It's on the list!

Proceed to **Step #2**

Don't see it?

email recyclenw@wm.com
call 1-800-592-9995

2. Prepare your recyclables for a new life:

- Rinse or empty recyclables of all food and liquids
- Separate newspaper from plastic delivery bag
Reuse bags, discard in the garbage or bring plastic bags back to a grocery store for recycling
- Remove plastic wrap and any packaging foam from cardboard
Place plastic wrap and foam packaging in garbage. Visit the Community Recycling Resources pages for foam reuse and recycling options
- Flatten boxes

3. Do not put bagged recyclables into cart — empty out recyclables into cart loose
Empty paper bags are okay in the recycling cart; empty plastic bags go in the garbage or back to a grocery store for recycling

Thank you for doing your part to recycle right!

WHY CAN'T I RECYCLE EVERYTHING?

Recycling starts when you put the **right** stuff in your recycling cart. Next, a truck takes it away and then many people, machines and technology work together to sort, transport and incorporate your recycled metal, glass, paper or plastic into new products.

Just because you put something in a recycling bin, it does not mean it can be turned into something new. When the wrong stuff goes in the bin, staff at the recycling center have to remove these items by hand, and throw them in the garbage.

When in doubt,
check out your
Recycling Guide!

For a recyclable item to be made into a new product, *all of these things must be true:*

- ✓ **Preparation:** Each recyclable item must be clean and empty of all debris, food or liquids.
- ✓ **Separation:** A recycling facility must be able to separate the item into its own material group so each type of item — cardboard, aluminum, tin, steel, paper, glass, plastic containers — can be properly distributed to the correct manufacturers.
- ✓ **Markets:** A manufacturer must be willing to buy this material.
- ✓ **Manufacturing:** A manufacturer must be able to make a new product out of the recycled item.

RECYCLING MYTH BUSTERS

MYTH: All plastics can be recycled.

FACT: Not all plastics can be successfully recycled. At this time only some plastics can be made into new things. **Recycle plastics by shape - bottles, jugs, dairy tubs and cups.**

MYTH: A recycling symbol stamped on plastic means it is recyclable.

FACT:

- There are **thousands** of plastic products and packaging, and each one has its own unique chemical recipe.
- The number only tells us what the primary ingredient is in the plastic recipe. Many plastics cannot be made into new products at this time.

MYTH: It doesn't matter if something belongs in the recycling — the recycling center will sort everything anyway.

FACT:

- There is a lot of garbage sent to the recycling center, and each non-recyclable item is removed by hand by trained staff.
- Garbage placed in the recycling increases the cost of the recycling process and will increase the cost of garbage and recycling service.

Garbage and Other Things We Find in the Recycling

- loose plastic bags
- hoses
- light bulbs
- needles
- toys
- hangers
- straws
- snack wrappers
- cleaning wipes
- food-soiled containers and paper
- non-recyclable plastic

We're here to help!

When in doubt, check your Recycling Guide, call the Waste Management Customer Service Center or email recycling experts at recyclenw@wm.com.

Waste Prevention is Even Better Than Recycling

- Buy locally produced items to reduce the amount of natural resources needed for shipping, packaging and transportation.
- Choose reusable items such as water bottles, cloth cleaning rags, shopping bags and rechargeable batteries.
- Use durable dishes, cutlery and napkins, instead of disposable paper or plastic.
- Carry your own travel mug, water bottle and cloth napkin.
- Reuse containers for storage.

- Buy bulk foods and other supplies to use less packaging.
- Shop at, and donate items to secondhand stores.
- Repair furniture and tools, rather than replacing.
- Rent, borrow or share infrequently used items such as trailers, power tools, ladders and lawn equipment.

See www.wm.com/thinkgreen for more ideas.

RECYCLING

Rinse all containers. When placing recyclables into cart, please do not use bags (plastic or paper). Empty clean recyclables loose into your blue recycling cart so everything can be properly sorted at the recycling center.

Clean paper

Newspaper, inserts

Mail, envelopes

Cereal and dry food boxes
Remove liners

Paperback books

Magazines, catalogs, phone books

Non-foil wrapping paper

Frozen food boxes

Paper cups

Juice boxes, milk, soy milk and broth containers

Ice cream cartons

Plastic bottles, jugs, tubs and cups

Milk, juice and soda bottles

Yogurt, dairy and margarine tubs

Shampoo and conditioner bottles

Window, bathroom and kitchen cleaner bottles

Detergent and fabric softener bottles

Pill bottles
No prescription vials

NEW! Plastic plant pots,
5-gallon buckets.
No soil

Ignore the numbers,
recycle plastics by shape!

Cardboard

Flatten all boxes

Glass jars and bottles

Empty of all food or liquid

Recycling Tips

- Empty and rinse out all food residue. Labels do not need to be removed.
- Empty recyclables out of bags and boxes into the cart so they can be easily sorted at the recycling center.
- **Extra recyclables?** At no extra charge, place extra recyclables in a bin or cardboard box at the curb next to your recycling cart.

Aluminum and tin cans

Beverage cans

Metal food cans

Labels OK

Empty aerosol cans

Aerosol cans that are not empty should be taken to a hazardous waste drop-off site. Visit www.snoco.org and search "hazardous waste" or call 425-388-3425 for details.

Scrap metal and clean foil

Small non-working metal appliances, pots, tools

Limit 2 ft. x 2 ft. x 2 ft., 35 lbs.

No sharp or greasy metal

Ball clean foil together

COMPOST | FOOD SCRAPS AND YARD DEBRIS

These items go in your compost cart.

**No plastic, glass, metal, liquids,
cooking oil or pet waste.**

Plants, flowers and yard debris

Houseplants

No pots

Grass clippings, weeds

Remove plastic twine, gardening tape or twist ties

Twigs, branches, roots
from pruning

Leaves, tree branches
*Under 4 feet long,
4 inches in diameter*

Holiday trees
Cut trees into 4 foot sections

Jack-o'-lanterns
Remove candles

Sign up for compost service by phone or online at
wmnorthwest.com/snohomishcounty • 1-800-592-9995
Monday-Friday 7 a.m. – 5 p.m., Saturday 8 a.m. – 12 p.m.

Food scraps and leftovers

Fruit and vegetable scraps

Leftovers

Bread, pasta, grains
and beans

Eggshells, nutshells

Coffee filters and grounds

Tea bags and tea leaves

Meat, fish, poultry

Dairy products such as
yogurt and cheese

Uncoated paper

Greasy paper or pizza boxes
Food-soiled paper towels
Napkins
Shredded paper
Soiled paper containers

Uncoated *non-shiny*
paper plates

Waxed paper, waxed cardboard
Paper bags

Approved compostable packaging
See [gogreenscene.com](#) for details

Be a Foodcycler! It's easy to do!

Find a kitchen collection method that works for you:

1

A stylish
compost
pail.

2

A reusable kitchen
container, such as
an old pitcher.

3

A paper bag or
an approved
compostable bag.

Empty collected food scraps into your compost cart. Your compost cart will be picked up on your next collection day. Visit [wmnorthwest.com/snohomishcounty](#) for a list of approved compostable bags to use in your kitchen compost pail.

Extra Yard Waste? There is a charge for extra yard waste. Put extra yard waste in Kraft paper bags or 32-gallon containers with handles and lids (*65 lb. limit*); label "yard." Use Kraft bags to store extra yard debris only. Food scraps and uncoated paper must be placed in the compost cart.

Did you know?

Food scraps and yard debris are processed into compost, sold locally at home and garden stores and used by local farms.

Can you
help close the
**FOODCYCLING
LOOP?**

GARBAGE

Bag all garbage and put in your garbage cart.

Non-recyclable plastic

Foam take-out containers

Foam packaging and peanuts

Caps and small lids

Empty motor oil and antifreeze containers

Plastic plates and utensils

Empty prescription vials

Garden hoses

Disposable diapers

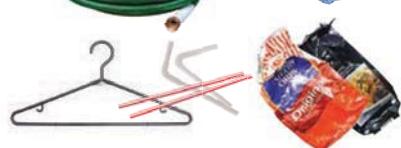

Hangers

Straws

Shiny snack wrappers, condiment packets

Bows and ribbons

Ziptop bags

Non-recyclable glass

Mirrors, window glass

Ceramics, dishes

Incandescent and halogen light bulbs only

Fluorescent light bulbs and tubes need special disposal

See Hazardous Waste page

Non-recyclable paper

Disposable wipes

Hardcover books

TIP: Remove pages from the cover and recycle the paper

Foil wrapping paper

Dirty paper and plates

Facial tissue

Shredded paper

TIP: Can be placed loose in compost cart

Donate hardcover books to a local charity or school.

Other garbage

Cold ashes
Vacuum bags and dust
Broken office supplies
Pet waste, cat litter
Clothing, cleaning wipes
Toys
Blister packaging

Bag plastic bags and bring them back to the grocery store.

Garbage Guidelines

PLEASE:

- Bag all garbage.
- Double bag pet waste, pet litter, packing peanuts, vacuum dust, sawdust and cold ashes.

EXTRA GARBAGE

Garbage charges are based on cart size. There is a charge for extra garbage that doesn't fit in your cart with the lid closed. If your garbage cart lid is open more than 6 inches, there will be a charge for extra garbage.

Bulky items such as mattresses, large appliances and building materials can be picked up by special arrangement for a fee.

Non-recyclable metal

Caps, lids
Less than 3 inches in diameter
Empty oil containers
Empty latex paint* cans
Remove lids; dried, hardened paint okay
Sharp or greasy metal
Clothes hangers
Small non-working plastic appliances
Microwaves, coffee makers, etc.

***Latex paint** is no longer considered hazardous waste. It can be placed in your garbage if it is solidified first. Mix in cat litter, shredded paper, sawdust or paint hardener. Once paint no longer flows, leave the lid off the can, bag it and place it in your garbage container.

Caution. Warning. Danger. Poison.

Many items with these words on the label are considered hazardous. These items cannot be placed in the garbage, recycling, yard waste or poured down the drain. Empty containers can be placed in garbage.

HAZARDOUS WASTE

Computer Equipment Reuse

Some computer equipment can be refurbished and provided to low-income families and aid programs. Interconnection is a non-profit that accepts cell phones, laptops, tablets, desktop computers and LCD monitors at a drop site in Everett. Donations are tax deductible.

■ Interconnection Drop-off Center

Batteries Plus
909 SE Everett Mall Way #500
Everett, WA 98028

Wednesday - Saturday

7:30 a.m. to 4:00 p.m.

Households: No fee

Businesses: Call for fees

It's easy...
just drive in,
drop off and go!

Drop off old or unused household chemicals. Look for CAUTION, POISON, WARNING, DANGER, CAUSTIC, COMBUSTIBLE, FLAMMABLE or CORROSIVE on the label, or for chemical symbols.

What to Bring:

- Aerosol cans (*with contents; if empty, recycle in blue cart*)
- Antifreeze
- Automotive fluids
- Batteries
- Bleach
- Drain cleaner
- Fluorescent bulbs/tubes
- Gasoline/diesel

■ Snohomish County Solid Waste Division

Or visit wm.com/wm/services/healthcare

Medication

Unwanted medication can be dropped-off at participating Take Back Your Meds locations.

Visit takebackyourmeds.org for details on the types of medication accepted.

- Herbicides
- Insecticides
- Oil-based paint, varnish and stain
- Paint thinner
- Propane tanks

What NOT to Bring:

- Appliances
- Electronics
- Explosives
- Latex-based paint
- Medical waste
- Medicine/drugs*
- Prescription medication*

* For medicine disposal locations, visit
www.takebackyourmeds.org

COMMUNITY RECYCLING OPTIONS

Many items are reusable or recyclable, but **do not** belong in the garbage or in your curbside recycling cart. Here are some recycling options for a variety of materials. Please contact businesses for current rates, hours and restrictions.

Comprehensive Local Recycling Database

■ Washington State Recycling Database

1-800-RECYCLE (732-9253)

www.1800recycle.wa.gov

Plastic Bags

Clean plastic bags, dry cleaning bags and other types of film plastic can be recycled at most grocery stores. Visit plasticbagrecycling.org for locations and information.

Latex Paint

Latex paint is no longer considered hazardous waste. It can be placed in your garbage, but only if it is solidified first.

Mix in cat litter, shredded paper, sawdust or paint hardener. Once paint no longer 'flows,' leave the lid off the can and place in your regular garbage. (*Oil-based paint needs to be taken to the Snohomish County Household Hazardous Waste Facility for proper disposal — see Hazardous Waste page.*)

Clothing & Household Goods

Used Cooking Oil

Used cooking oil can be recycled into biodiesel. Pour cold oil into containers with tight-fitting lids, and drop-off at cooking oil collection stations.

Drop-Off Location

■ Snohomish County Household Hazardous Waste Facility

3434 McDougall Ave.
Everett 98201-5041
425-388-3425

For additional drop-off locations visit
www.generalbiodiesel.com/

Packing Peanuts

Most mailing stores (such as the UPS stores) accept clean packing peanuts for reuse. Block foam packaging can be dropped off for recycling at participating locations.

Second hand stores and clothing banks will accept clothing and household goods in reusable condition.

Online Materials Exchange

Reusable household items can be sold or given away. Try posting a free ad. You will be amazed at what other people might want.
