## BE A FOODCYCLER!

### It's easy to do!

Here's what you can use to collect food scraps before you add it to your compost cart:

1

A stylish compost pail.

2

A reusable kitchen container, such as an old pitcher.

3

A paper bag or an approved compostable bag.

Empty collected food scraps into your compost cart. Your compost cart will be picked up on your next collection day.

**Extra Yard Waste:** There is a charge for extra yard waste. Put extra yard waste in large yard and leaf paper bag or 32-gallon containers with handles and lid (65 lb. limit); label "yard". Use the yard and leaf paper bags to store extra yard debris only. Food scraps and uncoated paper must be placed in the compost cart.
