

# Thank you for being a Waste Management Customer

Solid waste collection services in unincorporated county areas are regulated by the Washington Utilities and Transportation Commission (WUTC). Some cities choose to have the WUTC regulate solid waste collection. To learn more about how waste collection is regulated in your area, visit the WUTC website at [www.utc.wa.gov](http://www.utc.wa.gov). The commission website has a useful on-line "Consumer Guide" that answers most frequently asked questions about your garbage service.
