

Announcing easier recycling for businesses in the greater Wenatchee area

INCLUDING WENATCHEE, EAST WENATCHEE AND ROCK ISLAND

RECYCLING

Easier recycling is on its way.

Starting January 3, businesses in Wenatchee, East Wenatchee and Rock Island will be able to put all recyclables in the same recycling container. You will no longer have to separate cardboard from other recyclables such as paper, glass, plastic bottles and aluminum cans.

RECYCLE MORE. RECYCLE RIGHT.

Not only is recycling easy, it could save you money too! The more you recycle, the less you throw away, which can help control the size of your garbage bill.

To learn more about recycling or to download detailed recycling guidelines, please visit www.wmnorthwest.com/wenatchee.

Have questions or need to sign up for recycling service, please call 1-877-466-4668.
